**Re: Product Declaration - Formolene® Polypropylene Resins**

Dear Valued Customer:

*Formolene*® polypropylene resins are manufactured in Formosa's Point Comfort, Texas facility. Greater than 99 percent of all materials used in the manufacture of these resins are sourced from domestic suppliers. NAFTA Certificates of Origin are available upon request.

Please be advised that, Formosa Plastics Corporation does not intentionally add any of the materials listed below during the manufacture of *Formolene*® polypropylene resins. Furthermore, based upon our knowledge of the manufacturing process and information provided by our raw material suppliers, we would not expect these substances to be present in our final products. Analysis for these chemicals is not routinely performed. Please note that, as the supplier of the raw material, Formosa cannot make any claim with regard to extruded or molded products or components made from these resins.

**Food Allergens**

*Formolene*® polypropylene resins do not contain allergenic ingredients such as tree nuts, peanut products, soybean products, egg products, milk products, fish, shell fish, wheat products, sunflower seeds, poppy seeds, sesame seeds, or sulfites.

**Genetically Modified Organisms**

Genetically modified organisms are not used in the formulation or manufacture of *Formolene*® polypropylene resins.

**Latex**

To the best of our knowledge, the materials used, manufactured, and processed for *Formolene*® polypropylene resins do not contain natural latex rubber or dry natural rubber.

**Ozone Depleting Substances**

Materials listed in the Clean Air Act Amendments of 1990 (Class I CFC's, Class II HCFC's and the solvents, carbon tetrachloride and 1,1,1-trichloroethane) are not used in the manufacture of *Formolene*® polypropylene resins.

**Heavy Metals**

These resins comply with the package requirements for heavy metals as set forth by the Coalition of Northeast Governors (CONEG), the California Toxics in Packaging Act and Article 11 of EU Directive 94/62/EC. Lead, cadmium, mercury, and hexavalent chromium are not used in the formulation or manufacture of *Formolene*® polypropylene resins. The incidental (non-intentionally added) concentrations of these heavy metals does not exceed 100 parts per million by weight.

---

### **EU Restriction of Hazardous Substances (RoHS) Directive 2011/65/EU**

These resins meet the safety and regulatory requirements for certification under this standard. Formosa Plastics Corporation does not intentionally add lead, cadmium, mercury, hexavalent chromium, polybrominated biphenyls (PBB), or polybrominated diphenyl ethers (PBDE) during the manufacture of *Formolene*® polypropylene resins.

### **California Proposition 65**

Formolene® 2510W Polypropylene Resin contains an ingredient (titanium dioxide) that is known to the State of California to cause cancer when inhaled as an unbound respirable particulate. However, this material is supplied as pellets. Inhalation of respirable titanium dioxide is not expected under reasonably foreseeable conditions of use.

### **Pentabromodiphenyl Ether & Octabromodiphenyl Ether**

Pentabromodiphenyl Ether & Octabromodiphenyl Ether are not used in the formulation or manufacture of *Formolene*® polypropylene resins. To the best of our knowledge, this product is in compliance with EU Directives 2003/11/EC and 76/769/EEC.

### **Phthalates and Bisphenol A (BPA)**

Phthalates (DEHP, DBP, BBP, DINP, DIDP, DIBP, DNOP) and Bisphenol A are not used as ingredients in the manufacture of *Formolene*® polypropylene resins. Polypropylene may contain catalyst residues which include phthalates.

### **Glycidyl Ethers (BADGE, BFDGE, NOGE)**

Bisphenol A Diglycidyl ether (BADGE), Bisphenol F diglycidyl ether (BFDGE) and Novolac glycidyl ether (NOGE) are not used in the formulation or manufacture of *Formolene*® polypropylene resins.

### **Butylated Hydroxytoluene (BHT) & Butylated Hydroxyanisole (BHA)**

Butylated Hydroxytoluene (BHT) & Butylated Hydroxyanisole (BHA) are not used in the formulation or manufacture of *Formolene*® polypropylene resins.

### **Organotin Compounds**

Organotin compounds are not used in the formulation or manufacture of *Formolene*® polypropylene resins.

### **PFOA, PFOS, DMF**

Perfluorooctanoic Acid (PFOA), Perfluorooctanesulfonic Acid (PFOS) and Dimethyl Fumarate (DMF) are not used in the formulation or manufacture of *Formolene*® polypropylene resins.

### **Animal Derived Materials**

As of March 1, 2014, all *Formolene*® polypropylene resins are free of animal derived materials (ADM).

---

As always, *You expect more. And Formosa delivers®*. If you have questions, please contact your Sales Representative.

Kind Regards,

Fred W. Neske, CIH, CSP, CFPS  
Manager – Corporate Safety & Industrial Hygiene
